

Mainstreaming Quality Scorecard

Instructions: Use this scorecard to help you self-assess your own intervention's implementation. Analyzing results (e.g. which "yes" areas to celebrate and which "no" areas to act on) will help to ensure that your programme is meeting Plan International standards. Contextualize the scorecard to meet standards agreed in context or add other standards that apply to your programme.

General Information				
Date of Scorecard Completion				
Name of Person Completing Scorecard				
Sectors in which mainstreaming activities have been conducted: (Check all that apply)	<input type="checkbox"/> Health	<input type="checkbox"/> Nutrition	<input type="checkbox"/> Education	<input type="checkbox"/> WASH

	<input type="checkbox"/> FI	<input type="checkbox"/> FTR	<input type="checkbox"/> Government Authority	<input type="checkbox"/> Other: _____

Standards for Self-Assessment		Yes	No	Why? / Why Not?
1	All sector partners that are relevant for children in your area of operation have been mapped.			
2	Designated CP focal points have been identified at each sector partner.			
3	Standard CP mainstreaming messages have been developed and distributed to other sector partners.			
4	All other sector partners have been contacted by Plan International and received a session on child protection mainstreaming.			
5	All other sector partners have been provided with clear information on how to identify and refer vulnerable children to Plan International.			
6	All other sector partners have been provided with CP materials (e.g. posters on how to prevent family separation, CFS locations, etc.).			
7	Joint activities have been held with sector partners (e.g. WASH campaigns at CFS, etc.).			
8	Plan International regularly receives referrals from other sector partners.			
9	Plan International maintains regular contact with sector partners and provides refresher trainings to their staff.
